Bulk Ink System

INX Digital is proud to offer to the wide format printing community a revolutionary bulk ink delivery system, the EasyFill Pro™. The EasyFill Pro system will substantially increase and enhance your productivity while reducing your costs.

When using EasyFill Pro™ system, you can discontinue use of OEM cartridges, therefore reducing your company's dependency on the OEM. By using INX Digital bulk inks you will feel the positive effect in cost savings.

EasyHub

INX Digital's Triangle™, renewable resource-based Bio inks are changing the future of the digital industry. These high performance inks developed from corn derived renewable resources rather than traditional crude based solvents, bring a new element of environmentalism to the digital printing industry while proving excellent printability, reliability, alcohol, abrasion, and UV resistance.
